PERSONAL PROFILE

A passionate and results-driven professional with a foundation in technology and experience in sales, supported by a strong education in computer science. Thrives in competitive environments and is committed to achieving excellence in customer service and relationship management. A driven individual who relentlessly pursues success and actively enhances a team's collaborative and results-oriented culture.

WORK EXPERIENCE

Business Development Representative

Oct. 2025 - Present

Solink - Toronto, ON

- Met and exceeded quarterly quota targets by maintaining high outbound volume and a 24% booking rate on right-person connects.
- Prospected and booked qualified meetings across SMB, mid-market, and enterprise segments through multi-channel outreach and strategic prospecting.
- Conducted tailored discovery to identify prospect needs and position Solink's video analytics and loss prevention solutions effectively.
- Leveraged HubSpot, Salesloft, and Wiza to manage territory coverage, automate outreach workflows, and track key performance metrics.

Head of Sales & Founder

Jan. 2023 - May. 2025

AA Media Marketing Inc. - Aurora, ON

- Founded AA Media Marketing, a tailored agency delivering marketing and software solutions to SMBs, showcasing entrepreneurial spirit and client acquisition prowess.
- Prospected hundreds of SMBs, initiated cold calls, and successfully closed opportunities, demonstrating proactive lead generation and sales acumen.
- Strategically and effectively secured sales opportunities through general prospecting and negotiation.
- Maintained and strengthened relationships through regular updates, calls, and meetings, ensuring sustained partnerships and trust.
- Leveraged technical expertise to create and implement automated workflows, enhancing client campaign performance.

Sales and Marketing Associate & Instructor

May. 2023 - May. 2024

Code Ninjas - Aurora, ON

- Engaged warm leads through calls and successfully closed product demos, driving pipeline growth.
- Conducted product demos and nurtured relationships with prospective clients.
- Spearheaded enrollment campaigns for a new Code Ninjas branch, ensuring its market presence and successful launch.
- Provided guidance in programming languages such as C#, JavaScript, and Scratch to young learners.

EDUCATION

Western University

Sep. 2020 - Jun. 2025

Bachelor of Science — Honours Specialization in Computer Science

GPA: 3.9/4.0 (Admission Scholarship, Dean's List)
